

# To make a book for reading silently in Grid 3

Marion Stanton

Either scan the book in or find it on Kindle. Make sure you are on the page you want to add.

# In edit mode in Grid 3 go to Grid set

# Copy the template page (in this case 1 blank) and rename it the page number.

Grid 3 - The Butterfly Lion - Start

# Create a jump from the page you have just made to the next one

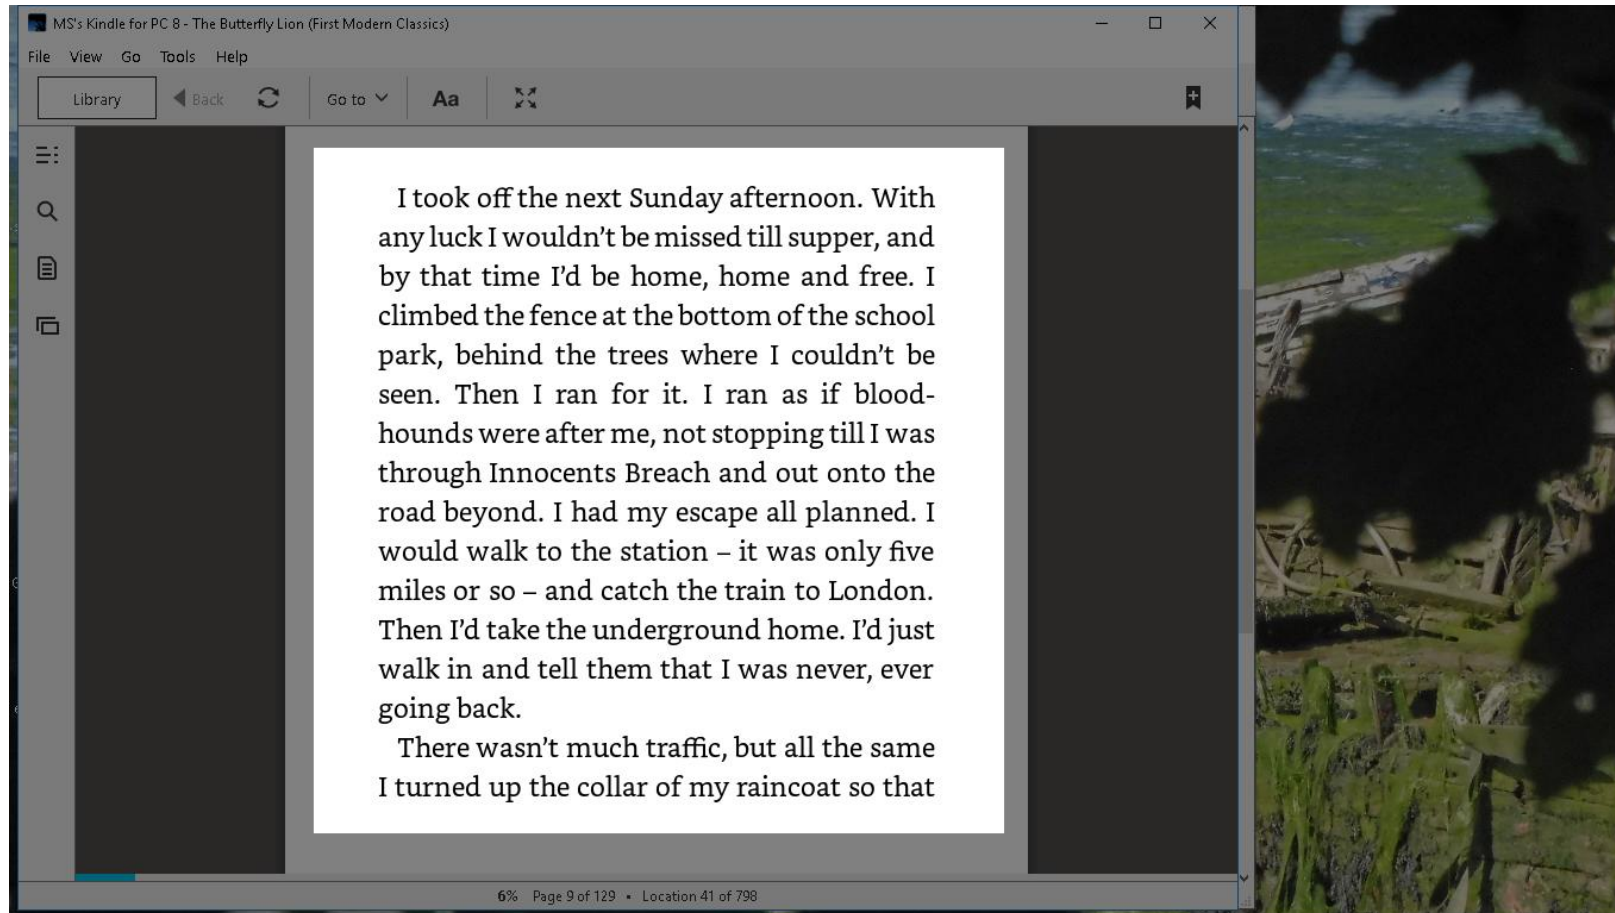

# Select the large cell on the next page and then find picture

# Choose screen capture and capture

# Isolate the section you want to include then let go

# The text is automatically on the cell – repeat to the end of the book.
